2016 HALL OF FAME INDUCTEES

There have been a number of incredible athletes that started their athletic careers tight here in our small town of Livermore.

We recognize the history and tradition of athletic excellence in our community through our Sports Hall of Fame. Each year we induct extraordinary athletes, coaches, and community members who have made significant contributions to Livermore's sports history.

At our Olympian Banquet on May 16, 2016, we inducted the three newest members to the Livermore Hall of Fame.

These individuals were

MATT LAYE

LEAH AVILLA

RANDY GRANT

To see the full list of individuals that have been elected, you can visit our [website](#).

Members of the Hall of Fame receive special plaques which are publically displayed at **Buffalo Wild Wings** on First Street in Livermore.

If you know of any Livermore athlete, coach, or community member who is worthy of being considered, you are welcome to nominate this individual. Here are the links for the [Nomination Form](#) and [Selection Criteria](#).

We are now accepting nominations for our 2017 Hall of Fame through February 1, 2017.

KEITH S. FRASER COMMUNITY RECOGNITION AWARD

In 2015 the Livermore-Granada Boosters' initiated the Community Recognition Award in Keith S. Fraser's name.

Keith Fraser was born in Livermore, attended Livermore High School and graduated from Stanford University. He started his law practice in Livermore in 1964, and was always deeply involved in most Livermore youth activities. Also in 1964 founding member, Judge Joseph Schenone, brought him into the Boosters. Through his life he was a major contributor and donor to all Booster activities. Through his leadership and vision, the Livermore-Granada Boosters developed into a major organization that is completely unique to a community that is small enough to honor its past, but large enough to grasp its responsibility to honor the outstanding members of the community.

The criteria for the award is based on:

- Individual's past athletic or community involvement
- Impact of this individual(s) on the school and/or Livermore community
- Devotion of the individual(s) to school or athletic achievement
- Legacy of the individual(s) to improving, recognizing, or supporting Livermore youth.

Award Winners:

2016—Bob and Cheryl Rumberger (starting the first Grad Night Program in Livermore in 1988).

2015—Bob Bronzan (tirelessly promoting youth accomplishments through photographs in the Livermore Valley Unified School District).

YOUR PHOTOGRAPHERS

Our town of Livermore is extremely fortunate to have two extraordinary photographers—**Bob Bronzan** and **Adam Clark**. These two gentleman somehow manage to find their way to most of the sporting events of our two public high schools, capturing outstanding photographs of our student-athletes on the spirit of competition.

Bob spent 20 years at Livermore High as a teacher, coach and administrator, before moving to District as an assistant Superintendent for Personnel in 1984. While at Livermore, he also coached wrestling, football and baseball. Now retired, he spends much of his time giving back to this, where he has lived since 1964.

Adam has had a passion for photography since he

was a child growing up in Washington. After graduating with a degree in Commercial Photography, he has made this his career for the past 25 years. Adam now resides in Livermore, and owns and runs Adam J. Clark Photography,

Bob and Adam volunteer hundreds of hours every year taking pictures of our local athletes. And all of their pictures are made available on the Livermore-Granada Boosters [website](#) for the athletes, parents, and friends to enjoy.

If you enjoy the photos, we hope you would consider making a tax deductible **DONATION** to support our work

2016 COACHING HONORS

Tim Rankin, Granada ***Girls' Golf Honor Coach***

For Tim Rankin, the mark of success of his golf program isn't the North Coast Section championship banner hanging in the gym at Granada High. The greatest symbol of success, he said, is that every player who has gone through his program has completed or is on pace to finish a four-year degree. The Matadors enjoyed great success on the course, as well, during Rankin's tenure as head coach, from 2006-12. His 2009 team won the NCS title, took third at the NCS Tournament of Champions, third in the Northern California tournament and third at the CIF State championships at Poppy Hills. "That's a huge accomplishment as we are still the highest placing team from Northern California in the state tournament," Rankin said. "It's a pretty big accomplishment as our home course is a public course." A year later, the Matadors won the EBAL title, were third in NCS and fifth at NorCal. Rankin, who is still an assistant varsity baseball coach, said that emphasizing winning above all else is not his style. "I always felt that if you did the right thing as a coach on treating kids fair and with respect that winning will take care of itself." That approach helped four of his players earn golf scholarships to four-year schools. Rankin has served the NCS as a member of the Golf Committee, and has been involved with seeding meetings for football and baseball.

Jeanette Thralls, Granada, ***Swimming and Diving Honor Coach***

Granada diving coach Jeanette Thralls has a firm philosophy when it comes to coaching: To provide a positive learning environment for every diver that joins the team. "I never cut any diver off my team and just take each diver to the next level," she said, "I keep a high standard of teaching the correct techniques of diving." One shining example was Matt Tyler who joined the team as a junior in 2012. Tyler developed and became an NCS champion as a senior. Including Matt Tyler, Thralls has had four NCS champion divers, in 2004 and 2005 her son Tyler Thralls and in 2008 her daughter Katie Thralls. More recently, Thralls has sent a diver to the inaugural State Championships this past year. "All of those were very special moments of my coaching years" Thralls said. Granada has had multiple divers compete every year at NCS since 1997. Thralls, who has coached diving at Granada since 1996, is also the area director for Young Life, a youth program in the Tri-Valley. With 20-35 divers at Granada, it is undeniable that Thralls has created a winning formula.

Toni-Ann Templeman ***Granada, Girls' Volleyball Honor Coach***

Granada High took a bit of a gamble when it named Toni Templeman volleyball coach prior to the 2007 seasons, after just two seasons as an assistant coach. But it was a winning move. Templeman led the Matadors to the North Coast Section Division I finals in 2008 and 2009 and a berth in the CIF Northern California playoffs, and two more NCS appearances after that. "The most special moment was beating Deer Valley at their place in the NCS semifinals in 2008," Templeman said. "They were the No. 1 seed, we were No. 4. We swept them in three (games) and our crowd was incredible." Granada is part of the most competitive girls' volleyball league in the NCS – an East Bay Athletic League team has won the last 10 Division championships – so she knows the importance of fundamentals. "I love teaching kids basic skills and keeping things simple, but mostly I love helping them build a strong mindset," she said. "I believe in keeping the love in the game and remembering why they started in the first place." Templeman also coaches at the club level, and has given thousands of hours back to the game, coaching at all levels in camps, clinics, lessons and teams, she said.

HOW YOU CAN SUPPORT OUR ORGANIZATION

The Livermore-Granada boosters was excited to hand out \$12,000 in scholarships to 12 student-athletes from Granada and Livermore High Schools in 2016, as well as recognizing athletes from 52 different sports from each high school. Our goals for 2016-17 and beyond are to be able to increase that amount. To do that, we need the help of the families and small business' within Livermore. Here are some of the ways you can support our organizational goals to be able to continue to offer scholarships to our local student-athletes:

I. RACE TO THE FLAGPOLE

Our primary fund-raiser of the year is the annual Race to the Flagpole. This year will mark the 7th year of our event, and we look to continue to grow this event from our outstanding participation in 2015.

Events: 1 Mile, 5k, 10k, and Half Marathon

Location: Independence Park, Livermore, CA.

The event is a community celebration of our High School Scholar athletes, and all proceeds are directed to male and female scholar athletes at Livermore and Granada High Schools.

All participants will receive a race T-shirt and post-race refreshments. On race day, awards will be presented in the one mile, 5k, and fun run/walk for the top three finishers in each age division.

The T-shirt for 2016 will be a Golden State Warriors inspired slate, light weight T, available in women's and men's cuts, allowing you to support your community and the Bay Area's team at the same time. Show your athletes—we are betting they will want one!

We want to thank everyone again for coming out to support our scholarship fund.

The Livermore-Granada Boosters were organized in 1949 by a group of former Livermore High School athletes, alumni, and civic-minded businessmen to foster and stimulate scholarship and athletics in the community high school. This group believed that outstanding students active in athletics became future good citizens with qualities of leadership, sportsmanship, and competitive spirit.

In 1958, the Boosters instituted the Olympian Scholarship Award to honor a scholar athlete at our annual banquet. The award was later enlarged several times and now includes a male and female athlete from Livermore and Granada High Schools.

Last year (2015-16), we handed out a total of \$12,000 in scholarships across six student-athletes from both Granada and Livermore High School. With continued support from local business and individuals, we aim to raise this amount in future years.

WHERE ARE THEY NOW?

Catching up with Past Olympians

Debra Callabresi was the 1986 Olympian Award winner from Livermore High School. Debra attended University of California at San Diego and graduated with a BA in Studio Art with a minor in Mechanical Engineering. The combination of Art and Engineering afforded her an opportunity to work with the UCSD Cray computing center, experimenting with visualization and animation. Debra went on to get a Masters of Fine Arts in Experimental Animation at California Institute of the Arts. She spent about 10 years in the entertainment industry working on a range of projects, from television work, to early internet sound and motion projects, to large format film special effects. Along the way she co-produced and did the effects for a short animated film, *More*, that was nominated for an Academy Award.

In 2000 she co-founded a startup company with 3 other friends that was venture funded, then eventually acquired for purchase. In the course of this project, Debra spun out a digital production company focusing on internet application called N-tonic, which is still her current company. N-tonic is now focused on web projects related to the use of technology in

public health, with clients throughout the state of California, and in Washington DC. Debra is currently one of the Principal Investigators in a 3-year Federal grant sponsored by the Centers for Medicaid and Medicare Services, which seeks to demonstrate a reduction of ER visits and Hospitalizations through HIV prevention and care in the DC area by utilizing technology in community based health care.

Debra says that ***“The Olympian award was empowering as a confidence booster in my early college life. I started my college experience knowing that hard work and persistence will eventually be rewarded. I loved both school and sports, and the lessons learned in high school served as foundation for the many paths my life has taken thus far. Being acknowledged for these efforts as an Olympian taught me early on the value of hard work, and how important it is to give back to others when life affords you the ability to do so.”***
